FOIP and Media Consent

for Posting Student Information to Public Website(s) and Media Access

General Information

Schools use personal information to provide educational programming and a safe school environment. A student's personal information, including photographs, may be used within the school and District for school purposes (e.g. school calendar, newsletter, yearbook, and the internal secure website, School-Zone). For more details on how personal information is used in Edmonton Public Schools, visit <http://www.epsb.ca/datafiles/CollectionUseOfPersonalInfoGuide.pdf>.

If the student's personal information is going to be used for any other purpose outside the school or posted on the school's public website, schools must obtain consent from parents/guardians. In addition, schools may be contacted by the Communications department of Edmonton Public Schools or external media agencies (newspaper, radio, television) for access to students for quotes or interviews. These audio and video images may be published or aired in a variety of ways, including television, radio, newspapers and online (public websites, blogs, podcasts, social networking sites (i.e. Twitter)) or used for district publications.

In addition, schools may wish to include a student's picture and/or quote in school publications (brochures, program booklets

or newsletters) that will be shared with the general public. A school might also include a student's picture on the school public website, for example, if the student is on one of the school's athletic teams. Pictures on the District's public website (<http://epsb.ca/>) will only include the **student's first name**.

Video or audio recordings posted online may include, but are not limited to, wikis, blogs, podcasts, social media (Twitter, Flickr, YouTube, Facebook, etc.) and other emerging technologies.

Note: Public Events—Classrooms are not public places, and the school controls who has access to school property and students on school property. When schools invite spectators, family, friends, media and the general public into the school, the event becomes a public event (e.g., school concert). Anyone may take photographs/videos (excluding copyright performances) at a public event and the school has no control over how these images may be used. The media are expected to behave responsibly and co-operate with schools that have invited them to participate in school events. Pictures taken by school staff, at public events, may be used for school purposes; however, these photographs may not be used for promotion of the school without obtaining parental consent.

PLEASE FILL OUT THE FOLLOWING ITEMS TO INDICATE YOUR CONSENT FOR YOUR CHILD:

School & District Public Website(s)

- Student's photograph posted online (the school's website)
- Student's first name and grade posted online (the school's website)
- Student's full name posted online (newsletter; team lists) on the school's public website
- Video and/or audio recording of a student posted online
- Student photographed, interviewed or quoted for District or school publications, advertisements and promotional materials (i.e. EPSB public website, brochures).

Media

I consent to my child to be interviewed by the media or appear in an event being covered by the media.

- Yes No

Note:

The District cannot control how the information may be distributed, including print, broadcasts, photographs and the Internet (for example, websites, wikis, blogs, podcasts, online video and social media sites).

- I do not want my child's information used for any of the above purposes.**
